**Minutes taker: Mikkel**

**Voting structure:**

[For, against, abstain]

## Agenda:

1. Thursday 11/09 party : recap  
Party was held casually in S-huset, warming up took some time but good echos overall, playlist was tricky (not a lot of Std latin) but dancers accommodated “Høður said let’s do it again !” possibly better on fridays (monthly party ? )
  2. Spanish stairs clash : on Wednesdays Trent wanted to use it as a rehearsal room for DTU act, but too many distractions so currently allocated to DTU fiber arts, if they agree to move to 355, spanish stairs can be used by us (update on Monday 15)  
Marialena would however prefer to have Ethern,, if so then problem solved 😊
  3. Photo shooting of the board and the teachers @Marialena
  4. September schedule and registration
    - a. **Salsa** : Too many sign-up reach and follow-lead imbalance. Suggestion :  
Magali and Alessandro propose a second beginner class on Mondays from 17:45 to 19:15, same program 2 weeks differ. [VOTE]  
If yes, ask students on beginner class Wednesday to sign up for Monday (and if possible some leaders to move to Monday)  
first secondary beginner class will be next Monday with Mads and Ale (Magali away or could ask Silivia? )
    - b. Teachers : please ask students to sign up this week so we can have a final

## Minutes:

### 1. Thursday 11/09 party: recap

Party was held casually in S-huset, warming up took some time but good echos overall, playlist was tricky (not a lot of Std latin) but dancers accommodated "Høður said let's do it again !" possibly better on fridays (monthly party ? )  
Something we have been trying to achieve for years with the friday bars  
S-huset could be good as it is not connected to sections  
All mixed or should we make a rotating schedule?

For now lets just keep it mixed and see who use shows up

### 2. Spanish stairs clash: on Wednesdays Trent wanted to use it as a rehearsal room for DTU act, but too many distractions so currently allocated to DTU fiber arts, if they agree to move to 355, spanish stairs can be used by us (update on Monday 15)

Marialena would however prefer to have Ethern., if so then problem solved

### 3. Photo shooting of the board and the teachers @Marialena

We need to update website, there is some very old photos in there

Need new photos for teachers and the board

Greta will gradually release new photos for the teachers

### 4. September schedule and registration

- a. **Salsa** : Too many sign-up reach and follow-lead imbalance. Suggestion : Magali and Alessandro propose a second beginner class on Mondays from 17:45 to 19:15, same program 2 weeks differ.

Issues with how many will switch to the Monday class and how many will go to both classes

We can open up for followers

Not fair for other dance styles (We are DTU Dancing not DTU Salsa, we should try and promote evenly)

There is a big demand for Salsa

Will increase the need for later salsa classes downstream

Give chance for new people to teach Salsa (maybe give opportunity during semester)

Tell Ethern that we will use their room

If yes, ask students on beginner class Wednesday to sign up for Monday (and if possible some leaders to move to Monday)

first secondary beginner class will be next Monday with Mads and Ale (Magali away or could ask Silvia?)

Increase limit to 70 and use Ethern, add more followers manually

Second but later class for Salsa? start at 19.15

We run into same issues, people might sign up for one but show up for the other

We should check who is signed up
