4. DTU Sport is the owner of tools, equipment etc. that was provided by DTU Sport except in those cases where the opposite was agreed upon.
5. The accounting and the status of the past year together with a provisional budget for the coming year after approval by the general assembly must be sent to DTU Sport before the end of April (together with the list of members and the minutes of the general assembly). DTU Sport has the right to request that the budget and accounting must be approved by DTU Sport with the subsequent year of accounting.
6. DTU Sport can at their own expenses execute an extraordinary review of the association's accounting, should the need arise.
7. The names, addresses, e-mail addresses and phone numbers of all board members must be sent to DTU Sport.

 1. Furthermore, the association can admit others as members and allow them to use DTU Sport's facilities under the condition that the aforementioned have priority and the association aims at that these constitute 50% of the association's members.
2. All members of the association are also members of DTU Sport.
3. Membership is valid for one season. A season starts one week after the start of the semester as stated in DTU's calendar and lasts for 19 weeks.

6. Resignation of membership requires written form with a notice period of 14 days.
 1. There are no refunds for membership fees, neither in full nor in parts, except according to §4.2.
7. In addition, the board can exclude members with immediate effect if special circumstances justify this. A decision about exclusion requires that at least 2/3 of the board members have voted for the exclusion. The member in question must be given an opportunity for defence against the decision before the decision can be taken, and can demand that the decision about the exclusion is taken up at the next ordinary general assembly.
 1. In all cases where an exclusion will be discussed at a general assembly must the excluded member be informed about the date and location of the general assembly three days in advance of the general assembly. The excluded member has the right to participate and offer a defence of his case. The decision of exclusion must be included as a separate item in the agenda.
8. Someone who has been excluded at a general assembly can only be readmitted as a member at another general assembly. The readmission requires the same majority as the exclusion.
9. The liability of the association is at any time limited to the association's possessions. Neither members nor the board can be held liable personally for any responsibilities of the association.

§4 Membership fees

1. The membership fee is set by the board for one season a time. This must be entered into the orders of business §1.2.
2. The membership fee for a season is collected at the beginning of the season and is always for a full season. The membership fee must be paid no later than three weeks after the season's start. A refund of the membership fee is possible in exceptional circumstances as outlined in order of business §1.2.

 2. General assemblies must be called within a season, and must be held within the season they were called.
2. The association must hold an ordinary general assembly once per year.
3. An extraordinary general assembly may at any time be called by the Board. Furthermore, an extraordinary general assembly must be called when at least 1/3 of the members, or the chairman of DTU Sport, require the board to do so in writing. The general assembly must be held within one month after the request including the subject to be discussed has been made to the Board; see also §5.1.2.
4. A call for a general assembly must be made at least three weeks in advance, and must include a preliminary agenda together with the deadline for submission of further points, cf. §5.5. The call must be announced with a written invitation to the association's members and possibly with an internal notice at DTU.
 1. The final agenda without attachments must be announced no later than 8 days before the date of the general assembly in the same way as required in §5.4. *If the preliminary agenda and the final agenda are identical word for word, it is not necessary to send the agenda out again. However, it is still a good idea to remind the members.*
 2. The full agenda inclusive attachments must be published according to orders of business §7 and no later than 8 days before the date of the general assembly.
5. Proposals to be discussed at the general assembly must be in the hands of the board no later than 14 days before the date of the general assembly. Proposals must be included in the agenda.
6. The right to vote is reserved to all members over 18 years who are a member of the association according to §3.4 at the start of the general assembly.
7. Voting is in person only.
8. The general assembly elects its meeting chairman who must not be a board member.
 1. The meeting chairman is responsible for ensuring that the general assembly has been called legally.
9. The ordinary general assembly must confirm the decisions of the retiring board in a separate point.
 1. Decisions of a permanent character must be included in the association's orders of business after separate confirmation according to §8.1.
 2. A confirmation of decisions of the board requires a qualified majority.
10. The accounting and a status must be handed to the general assembly for approval and must be signed by the external auditor. At the same time can the board propose a provisional budget for the coming year.
11. The ordinary general assembly elects the board, which consists of a chairman, a treasurer and 3-5 ordinary board members. A reelection is possible.
 1. The chairman and treasurer are elected in separate elections.
12. Furthermore, the ordinary general assembly elects an external auditor who may not be a member of the board. A reelection is possible.
13. It is not possible to take decisions on points that are not part of the agenda.
14. Points that have not been finished with a vote can be taken up again under any other businesses.

15. With the exception of the cases defined in §5.9b, §5.17, §8.1 and §9.1., the general assembly takes decisions with simple majority.
16. The method of voting is decided by the meeting chairman. However, at the request of a member a vote or election must be taken secretly in written form. Furthermore, all votes on the exclusion of a member must be taken secretly in written form.
 1. An election between two or more candidates must be taken secretly in written form.
17. Any decision about the exclusion of a member requires a qualified majority and must be included as a separate point on the agenda.
18. In case of a decision with more than two alternative proposals, the proposals with the least votes are eliminated one by one until only two alternatives are remaining.
 1. A proposal that wins a qualified majority during the elimination process is accepted automatically.
19. In case of a decision about a modification of a proposal a vote is taken first on the modification, and thereafter on the final proposal.
20. The decisions of a general assembly are recorded in a protocol, which must include a summary of discussions to the extent requested by the meeting chairman.
21. The decisions of a general assembly take effect after the meeting ends and the protocol has been confirmed.
 1. The protocol is approved as an accurate record of all decisions with the signatures of the meeting chairmen, the retiring chairman and the new chairman in unison. The protocol must be approved without unnecessary delay.

Explanation on majorities: simple majorities require more votes in favour than against a proposal (blank votes don't count); qualified majorities require more than half of the total number of votes in favour of a proposal (blank votes count). The same principle applies if 2/3 or 3/4 majorities are required.

§6 The Board

1. The Board is the club's senior management and represents the club in all matters.
2. The board consists of a chairman, a treasurer and 3-5 ordinary board members who are elected for one year at a time at a general assembly.
3. The chairman signs for the association. Economic transactions require the signature of both, the chairman and the treasurer. However, minor economic transactions require only one, either the chairman's or the treasurer's, signature.
4. The board holds its constitutional meeting as soon as possible, but no later than 14 days after the end of the general assembly. *En konstituering forekommer kun efter valg af et eller flere bestyrelsesmedlemmer. Saafremt der ikke aendres i bestyrelsens sammensaetning er denne allerede konstitueret som den er.*
 1. At the constitutional meeting the board decides what expenses are considered to be minor and major during the board's term. These decisions must be included in §2.1 and §2.2 of the association's orders of business. *numbers should be chosen carefully to avoid unnecessary board meetings (example: replacements of ghettoblaster)*
 2. The board prepares the material and paperwork that must be sent to DTU Sport as a consequence of decisions taken at a general assembly.

5. The board sets its own agenda.
6. The board can take decisions if at least half of its members, one of which must be the chairman, are present, physically or virtually. Board decisions are taken with qualified majority with the exceptions of decisions according to §3.7.
 1. Voting is in person only, physically or virtually, however, see §6.9.
 2. In case of a tie the vote of the chairman counts twice.
 3. The chairman can elect a substitute to chair a board meeting on his behalf. The substitute does not take over the chairman's vote.
7. The board must take minutes at least of decisions taken at board meetings.
 1. The board publishes summaries of minutes without unnecessary delay. Summaries are published in English to begin with, and in Danish if requested.
 2. Full minutes excluding points relating to personnel or points of another personal nature are made available on request.
8. The board can found a committee for working on a specific task on behalf of the board.
9. The board can take specific individual decisions in written form without holding a board meeting. *Skriftligt er enhver form for skrift, hvor afsenderen kan entydigt identificeres. Dette inkluderer post, telegram, e-mail og online chat over IRC.*
 1. Decisions that change the orders of business, including the dispensation of orders of business, and larger economic decisions according to orders of business §2.2 must be taken at a board meeting called according to orders of business §4.
 2. A decision about exclusion of a member according to §3.7 must be taken at a board meeting according to orders of business §4.
 3. Decisions taken in written form are either included in the minutes of the next-coming board meeting, or published individually according to §7.1 and §7.2.
10. The board should hand the accounting together with a status as at December 31 for the previous year to the external auditor in good time before the ordinary general assembly.
11. The board can at any time execute an internal revision of the accounting.
12. The association must actively work for having a majority of the board consist of members affiliated to DTU (defined as current or previous employees and students of DTU, as well as institutions and companies with office or daily business at the campus and partners of collaboration).
13. The board must work together with DTU Sport according to the contract of collaboration (samarbejdsaftale).

§7 Positions of responsibility

1. The chairman is responsible for the daily business of the association.
 1. The chairman is responsible for calling board meetings.
 2. The chairman is responsible for inviting to general assemblies.
2. The chairman is elected for one year at a time at the ordinary general assembly.
3. Should the chairman retire from the board before the end of his term, an acting chairman is elected by the board from amongst its members. A new chairman must be elected at a general assembly that is held no later than 4 weeks after the resignation of the chairman.
 1. The general assembly is to be held no later than 4 weeks after the start of the next season if the chairman leaves the board outside or within the last four weeks of a season.

4. The treasurer is responsible for producing the association's accounting and possibly a budget.
ORIGINALKVITTERINGER og alt beholdes i min. 5 aar.
 1. It is the treasurer's responsibility that the association follows a sound financial policy.
5. The treasurer is elected for one year at a time at the ordinary general assembly.
6. Should the treasurer retire from the board at an inconvenient time, an acting treasurer is elected by the board from amongst its members. A new treasurer must be elected at the first general assembly that is held after the treasurer's resignation.
7. The external auditor verifies every year before the ordinary general assembly the correctness of the yearly accounting and confirms that the club's possessions are at hand. Accounting and status must be signed by the auditor.
 1. The external auditor can at any time inspect the accounting and possessions.
 2. The external auditor should be available to the board as a consultant on specific issues, if the board wishes.
8. The external auditor is elected for one year at a time at the ordinary general assembly.
9. Should the external auditor retire at an inconvenient time assumes the possibly elected substitute auditor the position of the external auditor. If a substitute auditor was not elected, a new external auditor must be elected at an extraordinary general assembly held before the accounting must be finished, or no later than 4 weeks after the retirement of the auditor.

§8 Statutes and orders of business

1. The association's statutes and orders of business can be changed at any general assembly. Changes to the statutes or orders of business require a 2/3 qualified majority. Making proposals for changes to the statutes and orders of business follows the same procedure as suggesting points for the agenda, see §5.5.
 1. Changes to statutes and orders of business are binding from the moment the current general assembly ends, however, see §8.2.
 2. Changes to statutes and orders of business are incorporated into the publicly available copies of the statutes and orders of business without unnecessary delay.
2. Statutes and orders of business, as well as changes to both, must be approved by DTU Sport before they become binding. However, minor changes that are clearly of local effect to the association only, and which are not of a fundamental or general character, take immediate effect under the condition the association informs DTU Sport immediately after acceptance with a copy of the changes. *A decision about changing statutes has two aspects, (1) it is a decision that changes a procedure of the association and is valid with the end of the general assembly, and (2) this procedure must be incorporated into the statutes, because it is either missing or in disagreement with the current text. This change of text requires approval by DTU Sport, while the decision holds already and must be followed. If DTU Sport does not approve a change of statutes, the decision must be reconsidered at an extraordinary general assembly called as soon as possible.*
3. A unison board can suspend orders of business of the association.
 1. A decision about a suspension of orders of business can only be taken at a physical board meeting, where all members of the board are present.

§9 Dissolution of the association

1. A decision about the dissolution of the association can only be taken at an extraordinary general assembly that has been called for this special purpose. The decision requires that at least 50% of all members are present and that the proposal wins a 3/4 qualified majority. If such a majority is reached at a general assembly with less than 50% of all members being present, a new general assembly is called, where the decision can be taken with winning a majority as stated before and regardless of the number of members present.
2. In case of the dissolution of the association fall all possessions of the association into the hands of DTU Sport.
